

Injector chains for uptime and reliable performance

Ready-to-Ship Inventory

SERVA goes beyond providing top-notch API Certified products for the Oilfield industry. Our substantial in-stock inventory ensures a swift response to your requirements. When you need products promptly, count on SERVA to deliver.

Reliable Solutions for Your Power Transmission Needs

With over a century of expertise in designing and manufacturing power transmission products, Serva stands as a symbol of consistent reliability. Our commitment to producing high-quality products to the strictest specifications ensures your peace of mind when it comes to dependability.

Coiled Tubing Injector Chains

SERVA pre-packaged coiled tubing injector chain kits - Reduce costs, eliminate waste, save time.

- Designed for the forces and stresses of coil tubing injectors
- All chain components ready for use
- Shepherd's Crook or split cotters available
- Solid bushings minimize bedding-in time for maximum wear life
- GP wide waist plate for superior strength and longer life
- API Certified Products

Premium chain for premium performance

Coil Tubing Chain Assemblies

Manufacturer	Coiled Tube Unit Model	Chain Size	Strand	# of Strands Required
Stewart & Stevenson	Short Unit	160-1 w/D3	14 pitch	8
Stewart & Stevenson	Long Unit	160-1 w/D3	14 pitch	10
Stewart & Stevenson	Short unit	160H-1 w/D3	14 pitch	8
Stewart & Stevenson	Long Unit	160H-1 w/D3	14 pitch	10

Coiled Tubing Injector Chains

Manufacturer	Coiled Tube Unit Model	Chain Size
National Oilwell	RT10	120-3
National Oilwell	RT20	120-3
National Oilwell	RT30	120-3
National Oilwell	RT3238	120-3
National Oilwell	RT35	120-3
